A message from Giuseppe Ambroggio

CEO of the AWAX Group

' We constantly reinvent ourselves to the changing needs of the coming generations. We constantly reinvest in technology and R&D to supply sustainable waxes to all industries. At AWAX we practice respect, honesty and transparency and believe in empowering our people for a better today and tomorrow. '

About Us

Each company of the AWAX group is 100% focused on waxes and leader in its market. The AWAX Group is focused on sustainable and environmentally friendly waxes and follows a solution based, customer focused approach , avoiding all unnecessary wastes.

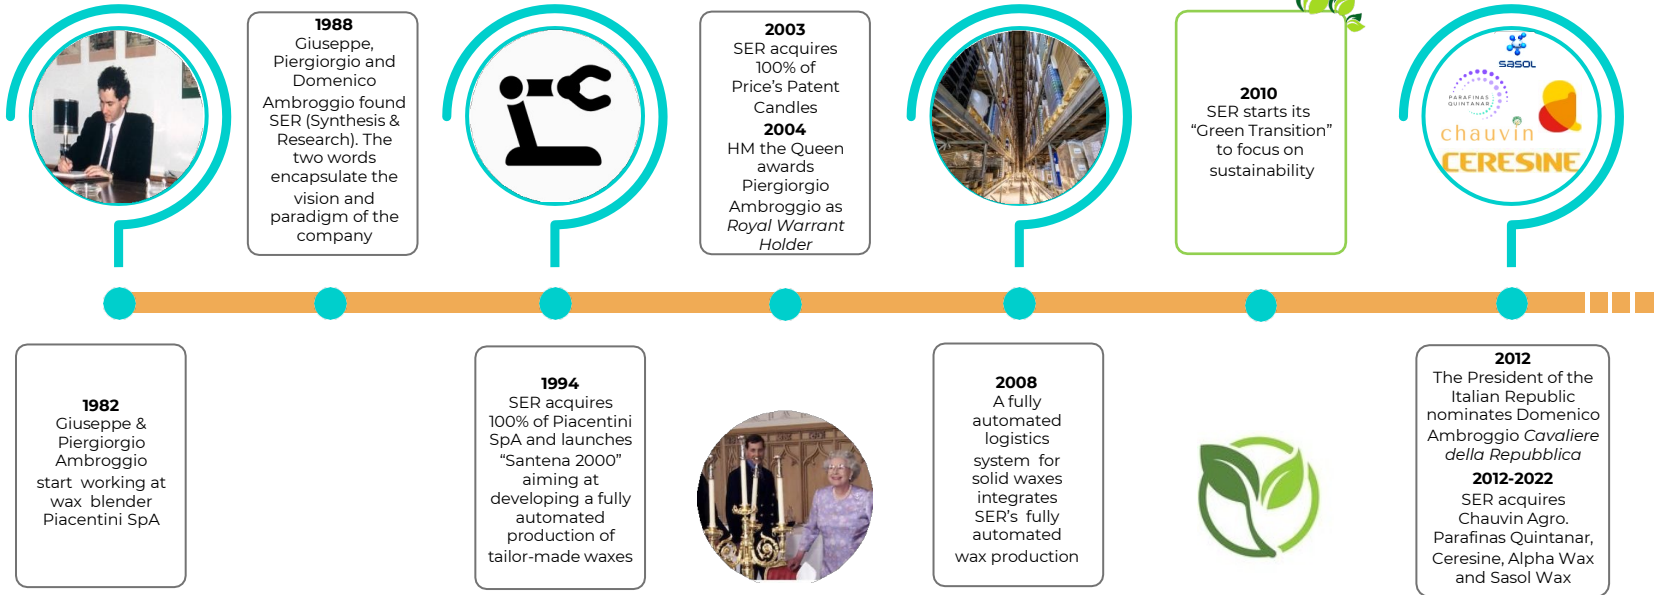

We believe diversity is richness, flexibility is strength and transparency is key.

02

What Sets Us Apart?

State of the art technologies

Our manufacturing processes are completely automated providing constant product quality and minimizing waste

Self-generated energy

We cogenerate up to 80% of the electricity we use

Sustainable raw materials

We sustainably source raw materials worldwide

03

A better future starts today

'Green' technologies

state of the art production technologies to minimize environmental impact

Sustainable waxes

we design, produce and supply sustainable waxes for all applications

Care for this and the next generations

we support our local communities

What Do We Do?

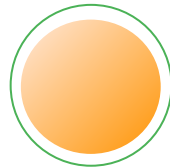

Environment

We produce very low levels of GHG and we are committed to continue minimizing our environmental impact

Social

We believe diversity is richness. We cultivate an inclusive environment for all our employees

Governance

We comply with applicable standards and regulations relating to protecting the environment and preventing pollution

04

How Do We Do It?

'Green' technologies

We are continuously investing in 'green' technologies to minimize GHG emissions and waste

Environment

Renewable Energy

We self-produce 80% of the electricity we use. We also recycle 100% of the production byproducts

How Do We Do It?

Uniqueness of our team

We believe and support the internationality of our team. We support proactive thinkers who are willing to take ownership. We reward out-of-the box mindsets

We provide for our communities

We believe in a safe, caring and developed community. The AWAX group is bringing facilities, family events and commodities to the local communities

How Do We Do It?

Business ethic

We believe in honesty, respect, transparency and healthy competition.

We believe in setting and raising the bar to inspire all our partners and clients.

Governance

Business continuity

We believe in the power of planning for the future by maintaining a flexible mindset. For 30+ years we have achieved and surpassed our goals by creating opportunities in an ever changing world.

Our promise

'green' technologies

we will continue minimizing waste while improving working conditions

sustainable waxes

we will continue designing, producing and supplying sustainable products worldwide

zero waste

we will continue recycling 100% of the production byproducts

caring for the community

we will continue investing in our communities by bringing facilities, commodities and initiatives

A green background with white decorative lines. A vertical line on the left and a horizontal line near the top intersect. The horizontal line ends in a dot on the right. The vertical line ends in a dot at the bottom. Another vertical line on the far right ends in a dot at the top.

400.000

MT of wax delivered to customers in 2021

A green background with white text. A horizontal line with a dot at its right end is positioned above the number. A vertical line with a dot at its bottom end is on the left side. Another vertical line with a dot at its top end is on the right side.

5000

active customers

400%

vs 2016

fastest growing wax producer in the world

The background image shows a factory floor with several white industrial robotic arms. One arm on the right has the 'ABB' logo in purple. The robots are positioned around a central area where they appear to be working on a component. The scene is brightly lit, and the overall color palette is dominated by the white of the robots and the orange of the safety railings.
